

REBOXX

HO BLACKENED BRASS WHEELSETS

33" & 36" diameter, narrow wheel width (0.088"), but still run on NMRA standard track, available in multiple axle lengths to retrofit any freight or passenger car truck. Perfect appearance, rolling qualities, coupler centering, tread cleanliness & no car tipping.

Each standard wheelset pack contains 12 axles. All items on this page (except as noted) are \$12.00 each.

Item #s indicate: wheel diameter - number of insulated wheels - nominal axle length in inches.

Example: 36-2-1.010 is a 36" diameter wheel with 2 wheels insulated and a 1.010" long axle with a .005" length tolerance.

33" diameter, 1 wheel insulated
